

## Meat-Tech

# Fair brings together supply chains

The Meat-Tech trade show, dedicated to processing and packaging solutions for the meat, and prepared foods industries, is scheduled to take place in Milan from Oct. 22-26, 2021.

As it is scheduled at the same time as the TuttoFood fair, the image of an event that unites supply chains, creates interdisciplinary relationships and appeals

to different audiences will be reinforced. The strict security measures implemented by the Fiera Milano exhibition company are designed to guarantee exhibitors and visitors the safety that has already been proven at the fairs held in the second half of 2020.
