The present Code of Business Ethics (hereinafter the "Code") defines the set of values that the Company recognises, accepts and shares, and the combination of responsibilities that the Company takes on internally and vis-à-vis the outside world.

The observance of the present Code of Business Ethics by the employees is of fundamental importance for good operation, reliability and reputations – factors that are decisive assets for the success of the Company.

Besides respecting their general duties of fairness, correctness and execution of their employment contract in good faith, the Company employees must refrain from performing activities competing with those of Ipack Ima; observe corporate rules; and comply with the tenets of the Code, observance of which is also required pursuant to and for the purposes of Article 2104¹ of the Italian Civil Code.

The rules contained in the Code supplement the rules of conduct that the employee is under obligation to observe, by virtue of current civil and criminal laws and of obligations envisaged in collective contracts.

Every update, amendment or addition to the present Code must be approved by the Board of Directors.

The Code is brought to the attention of all those with whom Ipack Ima has business dealings.

¹ Article 2104: *Diligence of the worker* - The worker must apply the diligence required by the nature of the work to be provided, by the corporate interest, and by the higher interest of national production. In addition, he/she must observe the instructions for execution and regulation of the work given by the entrepreneur and by the latter's staff to which [the worker] hierarchically reports."

5. CONFIDENTIALITY AND PROTECTION OF PERSONAL DATA

Each employee is under obligation to assure the confidentiality required by the circumstances for each item of information learnt for reasons of his/her work function.

The Company undertakes to protect information concerning its employees and third parties, generated or acquired internally and in business dealings, and to avoid any improper use of such information.

Whilst the ban remains on disclosure of information concerning the Company's organisation and methods of provision of its services or on use of the same in such a way as to cause prejudice to the organisation, each Company's employee must:

7. CONDUCT AND RELATIONS WITH PUBLIC BODIES

7.1 RELATIONSHIP WITH PUBLIC ADMINISTRATION

For the purposes of the present Code, “Public Administration” is taken to mean, besides any public entity, any independent administrative agency, individual or legal entity that acts in the capacity of public official or public service appointee, or as a member or as an official of the European Community, or as an official of a foreign Country.

Once again for the purposes of the present Code, the definition of “Public Entity” also includes those private subjects that, for overriding political and economic reasons, perform a public function designed to safeguard general interests - such as the entities managing regulated markets.

It is not allowed – either directly or indirectly, or via an interposed person – to offer or promise money, gifts or remuneration in any form to, nor to exercise illicit pressure on, nor to promise any object, service, benefit or favour to, managers, officials or employees of the Public Administration, or to subjects appointed to perform a public service, or to their relations or cohabitants, for the purpose of inducing them to perform an act typically relating to their office or contrary to the intrinsic official duties of the Public Administration (considering this also to include the purpose of aiding or damaging a party in civil, criminal or administrative proceedings to the direct or indirect advantage of Ipack Ima).

Anyone receiving explicit or implicit requests for benefits of any kind by subjects of the Public Administration, as defined above, must immediately suspend all contacts with the same and inform, in writing, the Guarantor according to the provisions of par 1.8 of this Code.

The prohibitions indicated in the previous paragraphs must not be eluded by resorting to other types of aid and contributions that – masked as appointments, consulting assignments, and advertising, etc. – have the same purpose as those forbidden.

If commercial relations are initiated with the Public Administration, including participation in public calls for tenders, it is necessary to operate constantly observing the law and proper commercial practice.

More specifically, the following actions must not be undertaken either directly or indirectly, i.e. (a) examine or propose job and/or commercial opportunities that could benefit employees and direct superiors on a personal level, (b) offer or in any way provide gifts, and (c) solicit or obtain confidential information that could jeopardise the integrity or reputation

of both parties.

It is not allowed to use or present declarations or documents that are false or testify untruthful things, or to omit information to achieve, to the benefit or in the interest of Ipack Ima, grants, loans or other sums under any other name accorded by the State, by a Public Entity, or by the European Union.

It is forbidden to mislead anyone with expedients or tricks to procure an unjust profit for Ipack Ima with detriment for others. Any infringement of this ban is even more serious if it is the State or a public entity that is misled.

The “unjust profit” can be either direct or indirect and comprises – besides grants, loans and other sums accorded by the State, by a Public Entity, and by the European Union- also concessions, permits, licenses, or other administrative acts.

Furthermore, it is forbidden to use grants, loans or other sums under any name accorded to Ipack Ima by the State, by a Public Entity, or by the European Union for purposes other than those for which the amounts in question have been assigned.

It is forbidden to alter, in any way, the operation of a computer-based or telematic system or to illegally intervene in any way whatsoever on the data, information, and programmes contained by or pertinent to the same for the purposes of achieving an unjust profit with detriment for others. The weight of the ban is increased if the party damaged is the State or a Public Entity.

Relations with Public Entities designed to look after Ipack Ima’s overall interests and related to implementation of its programmes are the sole prerogative of the functions and managers delegated for this purpose.

7.2 RELATIONSHIP WITH PUBLIC SUPERVISORY AUTHORITIES

Within its relations with Public Supervisory Authorities, Ipack Ima ensures maximum availability and collaboration - also during inspections and verifications - as well as, if due and/or requested, complete information, production of data and documentation in respect of principles of transparency, completeness and correctness and of their institutional functions. In particular, information which by law must be notified to Public Supervisory Authorities may not be withheld or distorted.

7.3 RELATIONS WITH POLITICAL PARTIES, TRADE-UNION ORGANISATION

Ipack Ima refrains from any form of undue pressure – either direct or indirect – on political or trade-union representatives, also through its own managers, employees and collaborators. Ipack Ima does not make contributions – either direct or indirect or in any form – to parties, movements, committees and political and trade-union organisations, or to their representatives and candidates, except for those contributions payable according to specific regulations.

It is possible to accept requests for contributions only in relation to proposals by non-profit bodies or associations, or bodies and associations with high cultural or beneficial value.

8. NON-OBSERVANCE OF CODE OF BUSINESS ETHICS

The guidelines presented in this Code of Business Ethics are of the utmost importance for Ipack Ima, for its shareholders and for its other commercial partners – and are fundamental to enable Ipack Ima to conduct its activity in accordance with the ethical standards defined.

No illicit conduct or in any case infringing the provisions of the present Code, or illegitimate or also improper conduct can be justified.

the breach of the provisions of this Code constitutes one of the specific fields of intervention of the present disciplinary system.

Application of disciplinary sanctions is independent from any criminal proceedings, since Ipack Ima has adopted the rules of conduct imposed by the Code in total autonomy, regardless of the crime that any such conduct might cause.

Acts or omissions designed in an unequivocal manner to breach the rules established by Ipack Ima are also subject to sanctions, even if, for any reason whatsoever, the act is not accomplished, or the event does not materialise.

8.1 SANCTION FOR EMPLOYEES

Procedures for contestation of infringements and application of consequent sanctions will take place fully respecting the provisions of Article 7 of Italian Law 300 and of the internal rules of Ipack Ima.

Legal regulations, the rules of the collective labour contract, and internal rules also contain the principles governing calibration of the sanction and the subjects having the power to apply it.

Whilst the preceding items hold good, the following is specified:

- every deliberate, or in any case willful, perpetration of offences as per Italian Legislative Decree 231/2001, or violation of the fundamental duties pertaining to the function, office or position held undoubtedly leads to termination of the employment relation, regardless of the economic damage that the said conduct may or may not have caused;
- any culpable, or imprudent, or negligent, or omissive conduct or behavior breaching Italian Legislative Decree 231/2001 may lead to the same sanction, according to the gravity of the matter or to the prejudicial consequences caused (not necessarily solely economic), or to any recidivism, or to the impact on company climate, or according to the importance of the principles and procedures violated, or to the repercussions on the individual's trustworthiness and reliability in terms of future conduct;
- in less important cases, without any prejudicial repercussions, conservative disciplinary measures are in any case taken, calibrated according to the importance

and gravity of the occurrence.

Particular rigour is applied in cases of liability for non-control of persons vested – in general or in specific cases – with such functions.

8.2 SANCTION FOR MANAGERS

As regards individuals forming part of management personnel, with reference to the procedure to be applied, in granting the strictest position, the provisions of art. 7 of Italian Law 300 of 20th May 1970 will be followed. In any case, any willful or culpable conduct contrary to the law or to the fundamental duties pertaining to the function or position held will be assessed taking into account the particular nature of the said employment relationship, the strongly trust-based nature of the same, the lack, for those individuals, of a system of conservative sanctions, and the special need, for Ipack Ima, to be able to rely on their professionalism, willingness and skill for implementation of the principles outlined above and for observance of the principle of legality and of all company procedures and rules.

8.3 SANCTION FOR OUTSIDE STAFF

Any behaviour implemented by outside staff in contrast with the lines of conduct indicated in the Code, particularly behaviour leading to the risk of commission of a crime sanctioned by Italian

Legislative Decree 231/01, may determine (also according to specific contractual clauses included in the letters of appointment or in partnership agreements) termination of the contractual relation, save for possible request for compensation if such behaviour causes actual damage to the Company, as in the case of application by the judge of the measures prescribed by Italian Legislative Decree 231/01.

8.4 SANCTION FOR DIRECTORS

In the event of behaviour infringing the provisions of the Code by any of the Directors, especially if said behaviour leads to the risk of commission of a crime sanctioned by Italian Legislative Decree 231/01, the Guarantor informs, through a written report, the entire Board of Directors and the Board of Statutory Auditors. The Board of Directors assesses the situation and – in observance with current regulations - adopts the measures considered most suitable. In most serious cases, the Board of Directors may propose revocation of office.

8.5 SANCTION FOR STATUTORY AUDITORS

In the event of behaviour infringing the provisions of the Code by any of the members of the Board of Statutory Auditors, especially if said behaviour leads to the risk of commission of a crime sanctioned by Italian Legislative Decree 231/01, the Guarantor informs, through a written report, the entire Board of Directors and the Board of Statutory Auditors. The Board of Directors assesses the situation and - in observance with current regulations - adopts the

measures considered most suitable. In most serious cases, the Board of Directors may propose revocation of office.
